Emergency Nursing Services

No. 453.1
(A) 1-20-92
(R) 9-14-15

As the Board has a concern that proper attention be paid to the safety of students, it directs the district administrator/school nurse to develop an emergency care services plan. This plan shall minimally address, but not be limited to provisions for:

1. Annual safety review for teachers
2. Training for those personnel designated to be responsible for emergency care
3. Emergency Nursing Services
4. Administration of First Aid by school personnel
5. Accidents/Illness immediate reaction and reporting

This plan shall be reviewed and approved initially, and annually thereafter, by the district's medical advisor and the district's Health/Human Growth Committee. It shall be printed and made available to all school personnel and the public.
