

School District of Lodi
Instructional Television
(including Cable Television)

No. 363.1
(A)1-12-15

The district television system exists to facilitate school use of instructional television, to create interest and provide experiences in television production, and to reach the school community with announcements and school produced programs.

A. Production Restrictions Policy

The following restrictions apply to all programs produced for broadcast on the school district cable channel:

1. The channel is to be used exclusively by the School District of Lodi for educational and/or information programs produced or acquired by faculty and students.
2. There will be no advertising other than a credit line for support or assistance in producing the program. Promotion of school activities is not considered as advertising.
3. Consent forms are required of all students and adults who appear in local productions. Consent forms must be on file with the appropriate school office before the program is broadcast.
