Classroom assignments of students at all levels will be made by the principal following consultations with appropriate staff members.

Factors to be used in the placement decision will include, but are not limited to, IEP, learning/teaching styles and academic needs, class size, social and gender balance, parental input, logistics and behavioral information supplied by the student's teacher(s), the guidance counselor, and any other certified personnel who have been involved with the student's educational program. Building level administrators will develop procedures for parental input.
