

School District of Lodi

Employment Opportunity

Posting Date: May 18, 2017

Position Available:

Occupational Therapist (.6 FTE)

The School District of Lodi is seeking a 60% Occupational therapist to work at the elementary school level. Lodi Elementary School has a fully functional therapy room and is equipped for students with varying therapy needs.

QUALIFICATIONS:

- Candidate should possess Wisconsin Department of Regulation and Licensing and Wisconsin Department of Public Instruction certification as an Occupational Therapist.
- The therapist will work in a collaborative model together with other school staff to solve problems by sharing information, coordinating activities, and teaching strategies to other team members.
- The therapist will be responsible for determining eligibility for occupational therapy as a related service, writing individual goals and objectives, deliver direct and indirect services, and monitoring progress.
- Qualified candidates should demonstrate proficiency in the evaluation, intervention and documentation process for children between the ages of 3 and 21 years who have been identified as having special needs.
- Candidate will provide direct treatment, monitoring and consultation to the educational team to help students acquire educationally related functional activities.
- Qualified candidates should have the ability to work independently and in a team setting and display strong organizational skills.
- The capacity to interact in a positive, constructive manner with students, families, teaching assistants and teachers is essential.

Start Date: August 9, 2017
