PHILOSOPHY OF THE SCHOOL DISTRICT OF LODI

The School District of Lodi will provide all students with the opportunity to acquire a diversified education in accordance with Department of Public Instruction Standards, Board of Education policies, and administrative procedures. It is the sole intent of the Board of Education and the Administration to provide learning opportunities designed to promote the maximum intellectual, social and physical potential of each student.

The School District of Lodi shall strive to provide: the best means for students to acquire and apply fundamental intellectual skills; guidance and training necessary to develop social competencies which permit children and young adults to achieve the highest degree of self-sufficiency, self worth, and confidence; an environment which allows students to develop into emotionally stable, well-adjusted young adults who can interact in a harmonious manner with respect and concern for all human beings; diversified enrichment opportunities, in accordance with each student's capabilities, as a means of promoting physical and mental health; an education that prepares students for occupational, academic, and technical programs beyond high school and also prepares them for effective participation in the economy as consumers or producers; opportunities for students to learn about other cultures and their own heritage; and appropriate educational programs for students with exceptional educational needs.

The Board of Education in cooperation with staff, administration and community will establish annual goals to foster on-going implementation of the district philosophy.

WELCOME

Welcome to the Ouisconsing School of Collaboration! This handbook is provided so that you have a reference on our school procedures. Please take the time to read through it, and to discuss it with your child(ren). We encourage your active participation in your child's education. We look forward to working with you and your children.

Student Nondiscrimination

It is the policy of the School District of Lodi that no person may be denied admission to any public school in this District or be denied participation in, be denied the benefits of or be discriminated against in any curricular, extra-curricular, pupil services, recreational or other program or activity because of the person's sex, race, national origin, ancestry, creed, religion, pregnancy, marital or parental status, sexual orientation, or qualifying disability.

Complaints regarding this policy should follow the procedure outlined in the School District of Lodi's Board Policy #154, Discrimination Complaint Procedure, which can be found on the School District of Lodi's website at www.lodi.k12.wi.us.

Special Education Programs

The School District of Lodi provides special education programs for students with disabilities. These students are identified with a disability under state eligibility criteria by an IEP (Individual Educational Program) team and demonstrate a need for services. This process includes individual assessments and an IEP team meeting to determine eligibility. Each student identified with a disability has an IEP developed to meet his/her specific needs. It is the philosophy of the District to serve students in the regular classroom with support as much as possible. Students may also receive supplementary instruction or support in the special education classroom. Disability areas as defined by state and federal law include speech and language, emotional/behavioral, cognitive, and specific learning disabilities; hearing, vision, other health, and orthopedic impairments; autism; and significant developmental delays (for children ages 3 to 9 years). Students identified with disabilities may qualify for related services such as physical

and occupational therapy. It is recommended that prior to making a referral, parents should talk to the child's teacher or guidance counselor about their child's needs. Parents, staff, medical and social services personnel may refer a child, however the parent must be informed prior to making the referral. Referrals of a child residing in the School District of Lodi should be made to the child's building Administrator of Record, Amy Kohl, School Psychologist, or Tiffany Loken, Director of Student Services at 592-3851. The School District of Lodi is in compliance with procedures related to Section 504 of the Rehabilitation Act.

ACCELERATION

If a student is being considered for acceleration, district policy and procedures must be followed.

ARRIVAL/DISMISSAL

Arrival

Students should **not** arrive at school prior to 7:50 am, as no supervision or crossing assistance is provided until then. At or after 7:50, students may go to their classroom.

Dismissal

All students are dismissed at 2:55 pm.

Crossing Guards

Children and adults are encouraged to cross at the designated sites. Crossing guards are located at:

Main and Columbus Streets
Pleasant Street and Madison Avenue
Parr Street and Millston Avenue

Main and Fair Streets
Sauk Street and Strangeway Avenue (pm only)
Sauk Street and Grand Avenue (pm only)
Sauk Street and Valley Drive

Drop-Off/Pick-Up Zones

Please use the car drop-off and pick-up zone in the upper parking lot or the church parking lot. Do **not** drop off or pickup students in the bus zone or the lower parking lot. The lower parking lot is for disabled students only.

ATTENDANCE

Regular and punctual attendance is necessary to assure success and establish good work habits.

In accordance with Wisconsin Statutes 118.15, all children between 6 and 18 years of age must attend school full time until the end of the term, quarter, or semester in which they become 18 years of age or graduate. If a student is enrolled in a district 5K or Kindergarten program, they are subject to the same school attendance requirements.

Because the School Board realizes the value of regular attendance in enabling students to profit from the school program, it shall be the policy of the School District of Lodi to require regular and punctual attendance of all students.

School Attendance Procedures

The building principal or the principal's designee is designated to deal with matters relating to school attendance. (He/She) shall determine daily which pupils enrolled in the school are absent from school and whether the absence is excused. (Board Policy #531, II, A.-B.) *Because attendance is compulsory and is to be tightly monitored, parent(s)/guardian(s) must be aware that the principal or the principal's designee may require further evidence when an absence is deemed questionable.* The question of doubt is the right and the responsibility of the principal or the principal's designee.

Excused Absences

Excused absences include illness, family health emergency, death in the family and school sponsored trips. In the case of absence due to an appointment, we encourage students to attend as much of the school day as possible, rather than miss an entire day. An excused absence may also be granted for **pre-arranged absences, up to a combined total of 10 days per year**, which have been pre-approved by the building principal or his/her designee. Pre-arranged absences require a written request from a parent/guardian before the absence. Pre-arranged absences include, but are not limited to (Board Policy #531, III, A):

Medical/Dental Appointments
Family Vacations
Religious Holidays

Unplanned Absences

Parent(s)/guardians(s) shall contact the school by email or telephone before 8:15 a.m. Call 608-592-3855 anytime to leave a message on our automated telephone system or you may speak directly with a school administrative assistance between 7:30 a.m. and 3:30 p.m. It is the parent/guardian's legal responsibility to assure student attendance at school. Students are expected to be in school every day that school is in session. Parents may request an excused absence, but the school has the legal right to decide whether an absence request will be excused or unexcused.

Pre-Planned Absences

For **multiple-day** pre-planned absences, the parent must obtain a planned absence form from the office. The form requires the signature of the student's teacher. The completed form should be returned to the office before the scheduled absence.

A student who misses more than half of the morning session, up to, or after 9:45 a.m. or afternoon session, up to, or after 1:15 p.m. is considered absent for half a day. A student who misses more than half the total academic day (3.5 hrs.) is considered absent for the entire day.

Make-up Work

Make-up work will be required for **all** absences. Students will have a period of time equal to the number of days they were absent **plus one additional day** to complete makeup work. Student(s) **must** complete and hand in their makeup work by 3:30 pm on the day the makeup work is due.

Full credit will be given for makeup work completed, within the prescribed timeline, for all excused absences.

No credit will be given for makeup work completed, within the prescribed timeline, for unexcused absences, unless it means the difference between passing or failing a grading period.

Preparing work in advance, and then doing the record keeping as work is handed in, is a great inconvenience for teachers. Please cooperate with the teacher fully on any work assignment that is sent home. Work assignments, if made, will be sent home on the child's last day before the absence.

Tardiness

Students are expected to be on time to school and to class. Being late to class not only creates a problem for the student, but also disturbs the entire class. Students are expected to be inside their classrooms by 8:05 a.m. every day. Every 3rd unexcused tardy will result in a missed recess.

Suspension

Students who are removed from the classroom to serve in-school or out-of-school suspension will be marked as such.

Bus Transportation

Please see the "Bus Transportation" section of the Code of Conduct, Appendix A.

BEHAVIOR MANAGEMENT GUIDELINES

The following is an outline of our behavior management plan. This explains how we will implement the district Code of Conduct at the building level. We believe in setting high expectations for our students, and in creating an environment in which all students can learn and all teachers can teach. We hope to recognize all students when they do their best (through positive consequences). When students do make poor choices about their behavior (or homework) we will provide consequences, and will try to make it a learning experience. We will communicate with you as a part of the process, in an effort to build a partnership. We are bound to accomplish more when we all work together.

Guidelines for Success

Be On Time
Be Prepared
Be Respectful

TRIBES Agreements

Mutual Respect
Right to Pass
No Putdowns
Appreciations

The above TRIBES agreements are a template. Final TRIBE agreements will be determined by classrooms.

Teacher and Office Referrals**Teacher Referrals:**

There are times when inappropriate behavior is not serious enough to warrant a teacher referral. Teacher referrals will serve as communication between parents, students and staff related to inappropriate behavior in OSC. All attempts will be made to handle the situation at this level, but in extreme cases an office referral may be made if the teacher referral does not mitigate said behavior.

Teacher referrals can be made by support staff as well as by teachers. Typically, students will be given a warning, and an attempt will be made to identify the problem and a solution before a teacher referral is made.

Office Referrals:

The Code of Conduct (see Appendix A) outlines behaviors, which warrant a referral to the Administrator of Record's office (a referral form is filled out, and given to the Administrator of Record, who returns a copy to the homeroom teacher). The Administrator of Record will handle the referrals; parent contact will be made and a consequence will be given in accordance with the Code of Conduct.

Missing Assignments

Students will discuss missing assignments with homeroom teachers. If missing assignments continue, communication will be made with families. Further actions will include students making up missing assignments during free time such as recess and/or during lunch and/or breakfast.

Consequences

Positive Consequences:

Positive consequences will vary from classroom to classroom, but might include any of the following: a note or phone call home; a special class-wide activity (i.e. lunch in the classroom, a class walk, free choice time); a special privilege (i.e. first in line, teacher's helper); verbal praise; or a positive office referral.

Logical Consequences:

Whenever possible, we try to use logical consequences as a means of behavior management (while maintaining a safe environment for all students). If a student doesn't wear boots in the snow, s/he will have to spend an afternoon with wet socks. Someone who throws food in the cafeteria may have clean-up duty. Students who take the wood chips out of the playground area may have to rake wood chips back into the designated area. However, some behavior (such as fighting) may be severe enough that it warrants a more serious consequence, such as a detention or suspension.

After School Detention/Study Room:

After school detention is intended for more serious behavior, or for chronic/escalating behavior. Students will be assigned one after school detention for every three teacher/office referrals or missing assignment forms (or any combination of three of these). Detention will be assigned for the following night. Parents will be informed in writing of the detention, which will be served the "detention" day (detentions will be served on Tuesdays, Wednesdays, and Thursdays, from 3:00 to 3:30 pm). Parents will be responsible for providing their child's transportation when a detention is assigned.

A detention may be assigned if the severity of the student's actions warrants a more serious consequence. The teacher or Administrator of Record will make that decision.

Students are expected to have work to do at detention/study time, and are expected to behave appropriately. If a student does not meet these criteria, it will be communicated to the homeroom teacher, and the student may have to make up the detention/study time.

BIRTHDAYS

Birthdays are special events at OSC. Students may bring a treat for the class. Please try to keep treats nutritionally appropriate.

BUS TRANSPORTATION

Kobussen Buses is in charge of all bus transportation. To contact them, please call 592-0551. Please see the "Bus Transportation" section of the Code of Conduct, "Appendix A".

CODE OF CONDUCT

See "Appendix A".

COMMUNICATION**Address/Phone Number Change**

If you have a change of address, phone number, work place, emergency numbers or such, please contact the school's administrative assistance. Our records need to be current in case of emergencies.

OSC Kick-Off

All parents and students are invited to attend the OSC Kick-Off on Thursday, August 17th from 4:00-6:00 p.m.

Parent/Teacher Conferences

October 19 and 23, February 15

Conferences are held on a scheduled basis each fall. Teachers will schedule spring conferences as needed. In addition, any time you feel a need to discuss your child's progress or have a concern regarding a particular situation or incident, please contact the teacher and ask for a conference. For your convenience, it is always wise to make arrangements in advance so the teacher will be available. Again, we wish to encourage parents to visit their children's classes, including music, speech, physical education, art, etc.

Questions and Concerns

We value your thoughts and concerns. Please call at any time. If your child tells you something about school that sounds unreasonable, please send a note or call. Remember, a child's perception or understanding of an incident may be very different from what actually happened. If you are especially pleased with something a teacher or the school is doing, please let us know. A positive phone call or note can make a teacher's (or Administrator of Record's) day!

If you are concerned about a situation in your child's education, the order in which to address concerns follows:

- Classroom teacher (your first contact)
- Administrator of Record
- OSC Governance Board
- District Administrator

Parent Information

Parent resources are available for parents. Resources include information on managing children's behavior, developmental issues, parenting and special crisis issues such as a death, divorce, student achievement, etc. A parent resource is located in the LMC. Take materials to the circulation desk in the LMC to check them out. Materials can also be found on the Parenting Bulletin Board by the main office.

Messages for Teachers

We deliver messages to students at approximately 2:30. We encourage you to make plans with your child before he/she leaves for school. Changes in plans can be very confusing to young children and often cause more anxiety than benefit. If you need to make a change for after school arrangements, please call by 2:00 p.m.

PLEASE DO NOT LEAVE A MESSAGE FOR A CHANGE OF AFTER SCHOOL PLANS ON A TEACHER'S VOICE MAIL. YOU MUST TALK TO THE OFFICE TO ASSURE THE MESSAGE REACHES THE STUDENT BY THE END OF THE SCHOOL DAY.

Flowers and Balloons for Students

Balloons and flowers can sometimes be a distraction in the classroom; therefore, we deliver them to students at 2:30 unless the teacher chooses to pick them up earlier in the day. Be sure to plan to pick your child up if he/she receives these items, as are difficult to carry to take on the bus.

COMPLAINTS

Complaints Against School Personnel

The Governance Board directs all school personnel to make every practical effort to facilitate communication with students, parents/guardians and residents of the School District of Lodi. However, realizing that complaints may arise, it directs the district administrator to establish consistent procedures among buildings to deal with such complaints.

These procedures should comply with the following guidelines:

1. Informal measures should be attempted first, consisting of a face-to-face meeting between the complainant and the staff member.
2. If the complaint is not resolved informally, the building administrator will provide a form to the complainant to document his/her concern(s). The staff member and administrator involved will respond to the written complaint within 5 days of its receipt.
3. If the complaint is not resolved at this step, the complainant should schedule a meeting with the OSC Governance Board. At the meeting with the Governance Board, the complaint will be reviewed with the complainant and possibly the building administrator and staff member if deemed necessary. The Governance Board will issue a written decision within 10 days of this meeting.
4. If the complaint is not resolved at this step, the complainant should schedule a meeting with the district administrator. At the meeting with the district administrator, the complaint will be reviewed with the complainant and possibly the building administrator and staff member if deemed necessary. The district administrator will issue a written decision within 10 days of this meeting.
5. If the complaint is not resolved at step 3, the complainant may request a Board review and, if desired, the complainant may schedule an appearance before the Board in executive sessions. The Board will hear the complaint and issue a written response within 10 days.
6. All procedures must comply with contractual agreements with LEA and LESA. (Policy 711)

If any person suspects that discrimination has occurred, they may file an informal and, if needed, a formal complaint by contacting Tiffany Loken, Director of Student Services, School District of Lodi, 115 School Street, Lodi, WI 53555, 608-592-3851, x-5487.

See last page for Complaint Form.

COUNSELING

Services provided by guidance include:

1. Classroom guidance activities based upon a developmental guidance curriculum
2. Individual and small group counseling sessions; and
3. Meetings and consultations with parents, guardians, and staff as needed

Students, parents or staff can make referrals or requests for services.

A lending library is available to parents. It contains materials on managing children's behavior, developmental issues, parenting, and special crisis issues such as death, divorce, etc.

The counselor is available to work with parents and guardians for brief counseling regarding your child. Call the counselor to discuss a concern, refer your child for counseling, or to make contact with community resources.

DAILY SCHEDULE

Students should not arrive at school prior to	7:50 am
Buses Arrive	7:45-7:50 am
Students Report to Homerooms	8:05 am
Dismissal	2:55 pm

DRESS

Students are expected to dress in a manner that is conducive to work and learning.

- Shorts may be worn during warm weather, but they should not be the short, tight variety. Halter-tops, spaghetti straps, and bare-midriff shirts are not acceptable.
- Underwear should be covered by appropriate outerwear.
- Flip Flops and Open Toe shoes are unacceptable for Recess and P.E. classes.
- Caps are not allowed during regular school days unless permitted by homeroom teachers.
- Shirts, hats, etc. with inappropriate slogans (alcoholic beverages, suggestive language, etc.) are not approved.
- All clothing should cover the appropriate body parts at all times. Students who are dressed inappropriately will be asked to change clothes, or a parent will be called to provide appropriate attire.

DRUG FREE SCHOOLS

The possession, use or distribution of illegal drugs, controlled substances, drug paraphernalia, intoxicating liquor or alcoholic beverages by a student or employee on school property or at school sponsored activities where students are present is prohibited. The use of tobacco products by anyone on school property is also prohibited. Violation of this policy by students can lead to suspension or expulsion from school, and violation by employees can lead to suspension or termination of employment (Policy 443.4).

EMERGENCY SITUATIONS

Security Threat Control

It is the policy of the Board to ask the assistance of local enforcement agencies, namely the county sheriff and local police departments, whenever a disturbance interrupts regular school activities.

A search of the buildings shall be conducted by the local law enforcement agencies, fire department officials, administration and selected custodial and teaching personnel.

School time missed due to a security threat shall be made up. Any person found guilty of turning in a security threat shall be disciplined according to established school procedures and/or state law.

Cold Weather Policy

Children will be kept inside when temperatures reach 0 degrees Fahrenheit or the wind chill is 0.

Appropriate dress is important. Boots should be worn for wet, muddy or snowy conditions. Warm jackets, mittens and hats are a must! Snow pants or snowsuits are advised.

If children plan to play in snow-covered areas, they should have boots and snow pants. Children will not be excused from recess due to improper clothing. If students are healthy enough to attend school, they are expected to go outside for recess.

Tornado, Fire, etc.

Plans are in place for fire, tornado and other emergency situations. In the event of an emergency, please do not call the school. School phone lines need to be kept open to handle outgoing calls and needs. Parents will be notified as decisions are made.

Your child will have monthly drills to practice emergency plans, as required by law. Remind your child that these practices are serious and should be taken seriously.

FEES

All students are assessed a consumable textbook/materials fee of \$25.00. Additional fees may be assigned by the Ouisconsin School of Collaboration Governance Board as deemed necessary. This fee helps to cover the cost of workbooks and other consumable materials. Fees must be in to the school office by September 11.

Any student who is requesting that his/her fees be reduced or waived will need to provide the school proof that he/she has qualified for reduced/free meal program. Any student who provides the school proof that he/she has qualified for the reduced meal program will have his/her fees reduced to one-half the cost of the fees listed. Any student who provides the schools proof that he/she has qualified for the free meal program will have his/her fees waived. Only the parent or the student may supply the approval letter for the reduced/free meal program to the staff member collecting the fee.

FIELD STUDIES

- Bus trips are a direct outgrowth of a specific unit of study or class project; not all classes will be taking the same kind of field trips, even within the grade level. The field trips that are taken are treated as an educational venture and not a picnic affair.
- Students are usually required to pay the cost of admission and transportation. Parents are notified in writing of field studies that involve transportation and are required to return a parent permission slip and all fees two days prior to the field study date (unless otherwise noted). If a permission slip and fees are not on file, the child will not be able to attend the trip. Your child will then have supervised work to do at school.
- Volunteer chaperones assist teachers. Younger siblings are not allowed on the buses. Contact your child's teacher if you are willing to chaperone. We often have more chaperones than we are able to use. When this is the case, parents who have not chaperoned that year will be selected first.
- Walking trips - During nice weather, teachers may take their class outdoors on short learning excursions near the school or in town. Parent permission slips will not be required for such walking trips.

FOOD SERVICE

All general questions or concerns about the Food Service program can be addressed by contacting Paula Larrabee, Food Service Director, at the Lodi High school, 1100 Sauk Street, 592-3853 ext. 4433, larrapa@lodischoolswi.org. For specific account or free/reduced meal information you may contact Karen Ripp, Food Service Administrative Assistant, at the Primary school, 103 Pleasant Street, 592-3855 ext. 1600, rippkar@lodischoolswi.org

Children may bring a lunch from home or purchase a meal from the Food Service Program.

Family Lunch account

All food service money is deposited into one family account, regardless of the number of children in grades K-12, each daily purchase is deducted from this account. It is NOT necessary to send separate payments for each student, with the **only exception** being the yearly break milk 4K fee which should be paid separately and clearly marked "4K milk fee". Deposits may be made to the student's teacher, turned in at the school office or mailed to the school (see address above). Include the student(s) and family account name with your payment. Deposit a sufficient amount of monies to cover all food service costs. It is each household's responsibility to monitor the account balance. Balance information may be viewed online thru the Infinite Campus parent portal and is displayed to the students on the check out screen during service. The system is PRE PAY and NOT a CHARGING account. Money must be deposited BEFORE meal service to prevent a refusal. Contact food service directly with any account questions or if your family is experiencing a financial hardship.

Students who qualify for the free meal program are also required to enter their PIN.

The cost will be deducted from the family account when the student enters their PIN. Students on the free/reduced meal program do NOT qualify for a free/reduced milk. They DO qualify if they take the FULL breakfast. NO milk purchase will be allowed if the account is negative.

No cash accepted in line, all monies should be deposited into the family account. Please encourage your child to participate in the breakfast program, as we all know, there is an important link between eating a good breakfast and improved learning.

Free/reduced meal program (includes BOTH the FULL breakfast and lunch meals)

Menu and meal options

Menus are available on the website, published in the school newsletters and posted in each school's cafeteria. As a District we strive to offer healthy meal options. All our menus feature fresh fruits, salads, farm to school items and whole grains. A WG low fat PB&J uncrustable sandwich option is offered on some days. A choice of a fat free flavored or a 1%/Skim white milk variety is offered daily. Review the monthly menu for all the options offered.

Negative Balance Procedure

It is established that the District's Food Service program utilizes a pre-pay system.

Monies must be available in the family account before purchases will be allowed. Deposits may be sent to each school building, paid online with the IC parent portal or mailed to the attention of the food service department.

Families may monitor and view their account balance and detailed statement within the IC parent portal or request a statement from the food service department. Students may view their account balance on the point of sale terminal during meal service. When the account balance starts to fall below \$20.00 the family will be notified by the IC system that a payment is required and will continue until a deposit has been received. In addition a paper statement may be sent.

If a family account has a negative balance and no monies or response from the family has been received the students name will be forwarded to the building secretaries. They will talk with the student and help them contact a parent who can choose to make a deposit or bring a meal from home. It is designed so as to avoid denying the student a meal while in the food service line. It DOES NOT apply to a student participating in the free meal program. Absolutely no ala carte purchases shall be allowed once the account is negative.

GRADING SCALE

The following Leveled Grading Code is used in OSC:

- 4** = Advanced
- 3** = Proficient
- 2** = Basic
- 1** = Minimal
- N/A** = Not assessed at this time

In order to be promoted to the next grade level, students must demonstrate improvement in the core academic areas (math, social studies, science, and language arts). Criteria for improvement is based on academic performance, work habits, effort, and attitude. In addition, 4th grade students need to earn a certain level of proficiency on the WKCE Test, in order to be promoted to 5th grade.

GUM/CANDY

Gum and candy are not allowed in the classroom unless allowed by the teacher.

HEALTH

Accident Insurance

The school district itself does not provide accident or health insurance, nor does it insure personal property. However, the school district will make it possible for parents to purchase (at a nominal cost per child) student accident insurance.

Health Records/Immunization

State Law requires that immunizations be kept current. Health records are kept by the school health nurse and updated yearly. Please supply us with any updated information on immunizations or special health concerns. A waiver must be signed if immunizations are not complete due to personal, religious or medical reasons.

State law requires that children entering kindergarten have a physical exam prior to the start of the school year. Two doses of measles/mumps/rubella are required. The district has the authority to exclude any student whose immunization records are not in compliance and/or when the lack of documented immunization poses a threat to the health of students and staff.

Health Services

First aid is administered to any child experiencing an injury at school. If the injury is a minor scratch or bump, we encourage students to take care of these minor injuries themselves and no home contact is made. Typical complaints of headache or stomachache are handled at the classroom level. A minor injury is cleaned/bandaged and student sent back to class.

Parent/guardian will be notified regarding head injuries, contagious diseases, and temperature over 100°. If there is a questionable condition or serious injury the student will be given first aid, a medical professional and/or parent called.

Therefore, it is extremely important that you provide the school office with current home, work and emergency telephone numbers. If you have any questions, please call the Primary School Office at 592-3855.

Health reports will be sent home with children who visit the health room for attention to injury or illness.

Nurse

The school nurse will visit the OSC building regularly. The nurse is not expected to be in the OSC building every day.

Recess Excuse

If your child is recovering from an extended illness and needs to stay in from recess for a day or two, please notify the teacher to make arrangements. The child will sit in the office during the recess period. Otherwise, our general rule is: "If a child is well enough to be in school, he/she is well enough to get some fresh air."

Physical Education Excuses

All students in grades 3-5 take physical education classes as required by state law. Students will be excused from such classes by request of a physician, or at the discretion of the instructor.

HUMAN GROWTH AND DEVELOPMENT

The school District of Lodi has a Human Growth and Development Committee that reviews curricular material and provides directives for staff engaged in instruction in this area. This committee has developed a position statement, which, in part, states that, whenever students are required to attend a course or program involving presentation of information in the area of sexuality, the following procedures shall take place:

1. Parents are notified in writing and invited to preview the materials to be covered.
2. Parents have the option of excluding their child from this portion of instruction. A decision to remove a child from class for this purpose will not affect their academic status.

In terms of communication with students, staff are reminded that it is the position of the district that: "Abstinence is the only safe practice for avoiding unwanted pregnancies and sexually transmitted diseases, including HIV." (Adopted 5/9/95) Parents may request a copy of the full position statement (2 pages) by contacting the Student Services office at 592-3851.

PARENTS WHO LIVE APART (PWLA)

Many students have parents residing in more than one home. In order that we have all parent information for students whose parents live separately, we request that you provide us with both parents information. Parents can request that newsletters, progress reports, etc. be sent to them.

It is the policy of the School District of Lodi to maintain strict neutrality between parents/guardians who are involved in an action affecting the family unless otherwise directed by court order. Where a court order restricts the access of one parent or guardian to a student, or information regarding that student, it is the responsibility of the enrolling party to provide to the district administrator a certified copy of the court order. * Without such a court order, the school will assign a custodial role to the parent/guardian enrolling the child, and a visitation role, with no restrictions, to the other parent/guardian.

*The order will be maintained in the child's cumulative file. If any changes take place during the year, which change the court order, the school must be notified.

PERSONAL ITEMS

Children like to bring things to school to show to their class; this should be done only if prior arrangements are made with the teacher.

Valuable items such as radios, tape recorders, jewelry, sports equipment, trading cards (Poke'mon, Yu-Gi-Oh, and baseball), MP-3 players, I-Pods, Nintendo DS and large toys should not be sent with your child. The school cannot assume responsibility for these items. If special (costly) items are to be shared, a parent should bring the item, show it, and take it back home. This must be pre-arranged with the teacher. **Cell phones** are included in this category.

If a student chooses to bring a personal electronic device to school they must have permission from the OSC teacher. Personal electronic devices include, but are not limited to cell phones, I-Pods, MP-3 players, Nintendo DS, etc.

First Offense

Phone or electronic device will be taken away, parent phone call made with the teacher, and item will be given back at the end of the day.

Second Offense

Phone or electronic device will be taken away, child will call home, child will miss one recess, and parent will pick up item at the end of the day.

- Parents will receive a written response to the request.
- Parents have the right to appeal the teacher's decision to the Administrator of Record.

SEARCH AND SEIZURE POLICY

The Board of Education has charged school authorities with the responsibility of safeguarding the safety and well being of the students in their care. In the discharge of that responsibility, school authorities may search school property such as lockers used by students or the person or property, including vehicles, of a student, in accordance with the following policy:

Locker/Vehicle Searches

School lockers, cubbies, and school desks are the property of the School District of Lodi. At no time does the Board of Education of the School District of Lodi relinquish its exclusive ownership and/or control of lockers, cubbies or school desks provided for the convenience of students/adults. School authorities may, as they deem necessary and appropriate, conduct general inspections of lockers, at any time, without notice, without student/adult consent and without a search warrant. "School authorities" includes the District Administrator, any other administrator, or any teacher acting at the express request of an administrator in the District.

The Board of Education specifically reserves the right for school authorities to search a vehicle parked on District property, with the consent of the owner/driver and with a law enforcement official present, if they have a reasonable suspicion that the vehicle contains contraband or of a violation of law.

A copy of this policy shall be included in all student-parent handbooks and distributed to all pupils enrolled in the school District on an annual basis. WI Act 329

Final placement is determined by the OSC teachers.

Advisory Placement Information forms are available in March from the school office and are due back in April. Changes in placement will be considered for emergency situations only. We do not accept requests for a specific teacher.

Appendix A

Code Of Conduct

STATEMENT OF PHILOSOPHY

The Ouisconsin School of Collaboration and School District of Lodi believe in an educational atmosphere, which respects student rights and supports student responsibility. It is the responsibility of students and parents to read this Code of Conduct since it spells out expectations and consequences for violations of the Code of Conduct and school policies.

The Student Code of Conduct has been developed through the cooperative efforts of Lodi students, teachers, parents and administrators. Its purpose is to provide students and parents with the information needed to be successful in school. The Code of Conduct, policies and procedures outlined are based on the following premises:

1. Students who think about their behavior have a vision for the future. They are mature, positive, constructive, and self-motivating people who understand the value of an education. The rewards of an education endure for a lifetime.
2. Parents, students and school officials will work cooperatively to provide students with the best possible educational programs.
3. Parents and students have the primary responsibility for making individual students program decisions.

8. Field studies and co-curricular activities are valuable educational experiences and are considered extensions of the classroom. Students should remember that when they travel to other communities, their behavior is considered representative of all students in the School District of Lodi by those who observe them. It is of the utmost importance that students represent their school district in positive ways.
9. School officials have the right and the responsibility to establish, communicate and enforce Board of Education policies and procedures which will afford students the best possible learning environment.

The following Code of Conduct and school policies regarding student behavior are in effect for all students in the School District of Lodi. Violating some of these policies and rules may also constitute a breach of Wisconsin Statutes. Offenders will be reported to the proper authorities for prosecution. Statute Chapter and Section cite those rules and regulations taken from Wisconsin Statutes. Discipline Plan

Discipline should not be confused with punishment. The goal of discipline is a self-disciplined individual, with mature attitudes and socially acceptable standards of conduct.

Corrective measures may include but are not limited to: conferences with teacher, counselor, or Administrator of Record; detention; loss of school privileges; parent conference with school staff; suspension; expulsion; police referral; court referral and removal from class. School administration will use the following progressive discipline plan to address student misconduct during school and school-related activities. Any single, but severe, violation of school rules can result in a recommendation for expulsion.

Teacher Disciplinary Action Plan

The teacher will always be the first line disciplinarian. Teacher classroom management procedures can include private conferences with the student, detentions (before, during or after school) with the teacher, contact with parent, and/or an administrator referral if necessary. Ouisconsing School of Collaboration teachers will serve as the primary disciplinarians. Administrator referrals will only be used in severe cases and after a student behavior plan has been formalized, implemented and assessed by OSC staff.

Administrative Disciplinary Action Plan

The administration reserves the right to discipline any student for conduct not specifically addressed by this code. A school administrator may vary from the Disciplinary Action Plan after developing an alternative plan with Ouisconsing School of Collaboration teachers, when both the Administrator of Record and OSC teachers have deemed the deviation is necessary or appropriate. The School District of Lodi reserves the right to pursue disciplinary action against a student for violating an ordinance or state law while on the school premises. The following steps will only begin after teacher disciplinary actions (as outlined above) have been followed.

First Offense:

- The student will conference with an administrator, parent contact will be made, and student may be assigned one detention and/or lose school privileges. A re-entry teacher/student conference will be held prior to student returning to classroom.

Second Offense:

- Student will conference with an administrator, parent contact will be made, a parent conference may be held, students may be assigned two detentions.
- At the middle school and high school a second referral from the **same class** will result in a conference being scheduled with parent, teacher, student, and administrator to outline behavior expectations prior to student returning to the classroom.

Third Offense:

- Student will conference with an administrator, parent contact/conference will be required. Three detentions may be assigned.
- At the middle school and high school a third student disciplinary referral from the **same class** may result in removal from that classroom. A re-entry teacher/student conference will be held prior to the student returning to the classroom.

Fourth - Seventh Offense:

- A student will conference with an administrator, may be suspended from school for 1-5 days, a parent conference will be scheduled. A re-entry conference will be held.
- At Early Childhood through fifth grade, the fourth-seventh office referral may result in a permanent change in the classroom for the student.

Eighth Offense:

Eighth referral will result in a pre-expulsion hearing with district office administrators. Continued misconduct will result in administration requesting expulsion. Expulsion is the exclusion of a student from school-related activities and school property for a specified period of time. Expulsion is the most severe measure a school may use to discipline a student. Chronic rule offenders will have a conference scheduled involving the student, staff member(s), administration, and parent/guardian. The possibility of expulsion will be discussed. Chronic rule offenders who show no/little change after the school has exhausted its opportunities for student improvement will be referred to the OSC Governance Board for review. After said review a referral will be made to the Board of Education for a formal expulsion hearing. In addition, any single serious violation of school rules may also result in a recommendation for expulsion. Other interventions will include the following remedial procedures: a referral for educational counseling, referral to Building Consultation Team, co-ordination with community agencies as appropriate.

Placement Procedures

If a pupil has been removed from an OSC classroom, the school Administrator of Record or the Administrator of Record's designee shall place the pupil in one of the following:

- the classroom the pupil was removed from if--after weighing the interests of the removed student, the other students in the class, and the teacher--the Administrator of Record or the Administrator of Record's designee determines that readmission is the best or only alternative;
- another class or other appropriate place in the school, as determined by the school Administrator of Record or his or her designee;
- another instructional setting; or
- an alternative education program, which is defined by statute as an instructional program approved by the school board that uses successful alternative or adaptive school structures and teaching techniques and that is incorporated into existing, traditional classrooms or regularly scheduled curricular programs or that is offered in place of regularly scheduled curricular programs.

A student's removal from class does not prohibit the teacher, the school board, the district administrator, school Administrator of Record, or their designees from disciplining that student.

The OSC teachers will make the final decision in regard to placement within OSC, but may seek input from the Administrator of Record, guidance counselor, and/or grade-level team.

All decisions will be based upon costs, availability, location, space, and staff resources. In cases of students with identified disabilities, placement decisions will be made in accordance with applicable Federal and State laws and regulations.

Bus Transportation

The school bus is considered an extension of the classroom and, as such, the school district has established standards for behavior. It is required that students remain seated, keep head, arms and legs inside the bus and not distract the driver.

Transportation Guidelines:

Safe transportation of school children is the joint responsibility of bus owners, drivers, school authorities, students and parents/guardians cooperating to assure safe, comfortable transportation. School bus transportation is a privilege provided by the district which may be denied to those who disregard policy and regulations which have been established in the interest of safe transportation.

The School District of Lodi, by authority of the State of Wisconsin, sets forth the policies regarding the transportation of its students. Details of the Transportation Guidelines are available from the school offices.

Bus Discipline Procedures:

- First Write Up: Bus Company to call parent/guardian and student will have consequences.
Second Write Up: Bus Company to inform parent/guardian of bus suspension of 1-3 days. Parent/Guardian and student must sign and return form indicating that they have read and understand the bus rules before riding privileges are restored.
Third Write Up: Bus Company to inform parent/guardian of bus suspension of 3-5 days. Parent/Guardian and student must meet with bus company personnel before riding privileges are restored.
Fourth Write Up: The student may be subject to bus suspension, suspension from school, expulsion or other consequences to be determined by the Administrator of Record in conjunction with the bus company.

Flagrant, repeated or life-threatening violations of acceptable bus riding behavior may result in the acceleration of the outline 4-step disciplinary procedure.

INTERNET/E-MAIL ACCEPTABLE USE POLICY

No. 350
(A) 5-13-02

All computer networks, hardware, and software (including the Internet/E-mail system) are educational tools owned by the School District of Lodi. The District Internet/E-mail system has been established only for educational purposes and administration of the District. The term "educational purpose" includes classroom activities, continuing education, and professional or career development.

The District Internet/E-mail system is not a public access service or a public forum. Users should have no expectation of privacy when using the District's computer network, hardware and/or software. The District retains the right to restrict use of the overall system and to monitor, access, manipulate, remove and/or disclose any message, data, or document created, archived, stored, received, deleted, looked at or sent with the District's computer resources, without prior notice to users of the system. Established procedures for acceptable use of District computer resources are published in the Parent-Student and Staff Handbooks.

The Board of Education grants the district administrator or the designee(s) the discretion to determine whether unacceptable use of the District's network, hardware, and/or software has occurred using the following guidelines.

The computer networks, hardware, and/or software of the District may not be used for any of the following purposes or with any of the following results:

- Use for personal business
- Use for commercial or financial gain
- Soliciting or lobbying for political or religious causes
- Sending junk mail or chain letters
- Sending material that may be discriminatory, threatening, harassing or offensive to others, material that defames an individual, company or business, or discloses personal information without authorization.

The District has approved privacy and communication safety requirements. The District uses a technology protection measure (Internet filter) on its computer network to protect against access to inappropriate material. However, the District's use of an Internet filter is no guarantee that users of the District's computer network will be completely protected from accessing inappropriate material. Ultimately, it is the responsibility of the user to avoid accessing or disseminating inappropriate material over the District's computer network.

The Board of Education grants the District Administrator or designee(s) the discretion to determine whether material is appropriate or inappropriate based on the content of the material and the intended use of the material.

Student Users

In addition to the above, the following provisions apply specifically to students:

- Internet use is a privilege, not a right. As with all privileges, abuses will not be tolerated.
- Students are required to have a signed consent form before they may use the District's network, hardware and/or software.
- Failure to abide by this policy and/or the rules/guidelines published in the Student-Parent Handbook may result in revocation of the use privileges, without notice, as well as disciplinary actions, including suspension or expulsion.

In addition to the general provisions above, the following provisions apply specifically to staff:

- A signed authorization form is required from each staff member before they may use the District's network, hardware and/or software.

- Violation of this policy and/or the rules/guidelines published in the Staff Handbook may result in disciplinary action including suspension and termination.

The fact that the Technology Protection Measure has not protected against access to certain material shall not create the presumption that such material is appropriate for users to access.

2. Technology Protection Measure The Technology Protection Measure may not be disabled at any time students may be using the district Internet system, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act.

It is the policy of the School District of Lodi that no person may be denied admission to any public school in this District or be denied participation in, be denied the benefits of or be discriminated against in any curricular, extra-curricular, pupil services, recreational or other program or activity because of the person's sex, race, national origin, ancestry, creed, religion, pregnancy, marital or parental status, sexual orientation, or qualifying disability.

Complaints regarding this policy should follow the procedure outlined in the School District of Lodi's Board Policy #154, Discrimination Complaint Procedure, which can be found on the School District of Lodi's website at www.lodi.k12.wi.us.

Student Attendance Policy

In accordance with Wisconsin Statutes 118.15, all children between 6 and 18 years of age must attend school full time until the end of the term, quarter, or semester in which they become 18 years of age or graduate. If a student is enrolled in a district 5K or Kindergarten program, they are subject to the same school attendance requirements.

Because the School Board realizes the value of regular attendance in enabling students to profit from the school program, it shall be the policy of the School District of Lodi to require regular and punctual attendance of all students.

School Attendance Procedures

The building principal or the principal's designee is designated to deal with matters relating to school attendance. (He/She) shall determine daily which pupils enrolled in the school are absent from school and whether the absence is excused. (Board Policy #531, II, A.-B.) *Because attendance is compulsory and is to be tightly monitored, parent(s)/guardian(s) must be aware that the principal or the principal's designee may require further evidence when an absence is deemed questionable.* The question of doubt is the right the responsibility of the principal or the principal's designee.

Excused Absences

Excused absences include illness, family health emergency, death in the family and school sponsored trips. An excused absence may also be granted for **pre-arranged absences, up to a combined total of 10 days per year**, which have been pre-approved by the building principal or his/her designee. Pre-arranged absences require a written request from a parent/guardian before the absence. Pre-arranged absences include, but are not limited to (Board Policy #531, III, A):

- Medical/Dental Appointments
- Family Vacations
- Religious Holidays

Unplanned Absences

Parent(s)/guardians(s) shall contact the school by email or telephone before 8:15 a.m. Call 608-592-3855 anytime to leave a message on our automated telephone system or you may speak directly with a school administrative assistance between 7:30 a.m. and 3:30 p.m. It is the parent/guardian's legal responsibility to assure student attendance at school. Students are expected to be in school every day that school is in session. Parents may request an excused absence, but the school has the legal right to decide whether an absence request will be excused or unexcused.

Pre-Planned Absences

For **multiple-day** pre-planned absences, the parent must obtain a planned absence form from the office. The form requires the signature of the student's teacher. The completed form should be returned to the office before the scheduled absence.

A student who misses more than half of the morning session, up to, or after 9:45 a.m. or afternoon session, up to, or after 1:15 p.m. is considered absent for half a day. A student who misses more than half the total academic day (3.5 hrs.) is considered absent for the entire day.
