Babysitting

For 11 years old and older!

Most of us have had babysitters; now that you're older, you may be thinking, "Now it's MY turn to be the babysitter!" After all, babysitting is one of the most popular ways for young people to earn money of their own.

This babysitting course will offer safety, first aid, care for infant through school age children. Sitter basics include feeding and behavior problems/discipline. Students must attend the entire class time to become certified. This course will not certify the student in CPR but will go over the basics of CPR. Students must be at least 11 years old to participate in this class.
