(R) 1-20-92
(R) 9-14-15

The Board directs district administrators and school nursing staff to cooperate with county and state health departments to assure that the School District of Lodi is in compliance with all state requirements pertaining to the immunization of students. This shall include, but not be limited to, the establishment of procedures for notification of parents, documentation of immunization status, and follow-up of students found not to be in compliance with state requirements. The District Administrator shall also have the authority to exclude any student whose immunization records are not in compliance and/or when the lack of documented immunization poses a threat to the health of students and staff. The process for such exclusion shall also be outlined and defined in the procedures. These procedures shall be printed and made available to staff and the public.
