

Relations with Health Authorities

No. 884
(A) 1-20-92
(R) 12-14-15

It is the expectation of the Board that district staff will work with the school, local, county and state health departments to maintain a healthful and safe school environment; to promote the good health of students and their families; to educate students in preventive medicine and good health practices; and to help students develop a sense of responsibility for personal and community health. These cooperative efforts shall involve development of health education curriculum, communicable disease control, health screenings, use of local, county and state health staff as resources for teachers and for individual student needs, when appropriate.
