

# Diamond Art

Where designs turn into art with tiny facets!

Diamond Art, sometimes called diamond art painting (although there is no paint involved), is fun, creative and easy to do. Diamond painting is similar to mosaic art: you apply shiny facets (plastic beads/diamonds) onto a pre-glued canvas to complete a stunning and shimmery design/picture. All supplies are included with the class! Many different pictures to pick from and will be 6X6 in size.
